* Notes on exclusions: Lake County/Ameristar has 3 casinos with joint reporting. Horse racing tracks at Harrahs/Anderson and Horseshoe/Shelbyville are less comparable. New Terre Haute casino did not yet have a full fiscal year of reporting available. Fourwinds Southbend is a tribal casino. Personal property tax would also be paid to the county but was excluded due to recent changes discussed by the State.

^ In Indiana, Local Development Agreements (LDAs) are legally mandated, state-regulated contracts between casinos and local governments to pay for specific development projects or public services, community projects, or non-profit initiatives. Community Support Funds (CSFs) are additional voluntary philanthropic donations and grants.

! Steuben full-time population is 34,600. Summer population 81k-90k, reaching up to 140k on weekends. Average daily population in other seasons ranges from 60k to 73k. 38% of visitors arrive from more than 100 miles away. Steuben County's total annual budget is approximately \$40m
